

JUSTIN M. RASMUSSEN

Curriculum Vitae

Durham, North Carolina 27705

justin.rasmussen@duke.edu | 651- 353-5188

EDUCATION

Doctor of Philosophy
Expected 2026

Duke University, Durham, NC
Clinical Psychology
Certificate in College Teaching

Dissertation: Lay counselors and extrafamilial social support as a mechanism in a family strengthening intervention: A mixed methods randomized control trial in Eldoret, Kenya (Proposal approved March 2024, anticipated defense May 2025)
Mentor: Eve Puffer, PhD

Master of Arts
2022

Duke University, Durham, NC
Clinical Psychology

Thesis: A scoping review of psychosocial interventions in religious congregations in sub-Saharan Africa
Mentor: Eve Puffer, PhD

Bachelor of Arts
2016

Macalester College, St. Paul, MN
Psychology
Magna cum Laude
Concentration in African Studies, Minor in Religious Studies

HONORS & AWARDS

2021	Bass Connections Student Research Award (\$5000)
2021	Charles Lafitte Foundation Graduate Grant Award (\$2490)
2021	Summer Research Award for 1 st and 2 nd Year Ph.D. Students (\$10,652)
2016	Global Citizenship Student Award
2016	Department of Multicultural Life Outstanding Senior Award
2016	Live It! January Term Grant Recipient (\$500)
2015	Psi Chi International Honor Society in Psychology
2013	Taylor Public Health Fellowship (\$2000)
2013	Alpha Chi National Honor Society
2012-2016	Macalester College Dean's List

GRANTS & FELLOWSHIPS

2024-2025	John Hope Franklin Center von der Heyden Global Fellowship
2024	Duke Bass Connections in Global Health Project Grant (\$40,000)
2024	Bass Instructor of Record Fellowship (\$15,000) – awarded but not accepted
2023	Global Health Doctoral Dissertation Grant, Duke Global Health Institute (\$10,000)
2022-2024	Duke Global Health Institute Doctoral Scholar Fellowship

CLINICAL TRAINING & EXPERIENCE

May 2024 – Present

Duke Pediatric Neuropsychology Clinic

Duke University Hospital

Practicum Student

Supervisor: Erin Denio, PhD

- Conduct standardized test administration of psychological and neuropsychological tests (e.g., Wechsler Adult Intelligence Scale-IV, WAIS-IV; Wechsler Intelligence Scale for Children – V, WISC-V; Wechsler Preschool and Primary Scale of Intelligence, WPPSI; Wide Range Assessment of Memory and Learning – 3, WRAML-3; Beery-Buktenica Developmental Test of Visual-Motor Integration, VMI; Delis-Kaplan Executive Function System, D-KEFS) for children, adolescents, and young adults (ages 2.5-20) with disease or treatment related impact on neuropsychological function such as tumor resection, radiation, and chemotherapy
- Interpret assessment results, develop impressions and recommendations, and write comprehensive integrated reports based on data obtained from evaluation
- Attend monthly didactics and participate in in-depth chart review and presentation of cases preceding assessment
- Receive case-specific individual supervision with attending and postdoctoral psychologists

August 2024 – Present

Durham VAMC Trauma Recovery Program

Durham Veterans Affairs Medical Center

Practicum Student

Supervisor: Nicole Pukay-Martin, PhD

- Conduct biweekly diagnostic assessments and treatment planning for veterans who have experienced trauma including training on the Clinician-Administered PTSD Scale for DSM-5 (CAPS-5)
- Provide psychotherapy to veterans experiencing PTSD and comorbid disorders using evidence-based protocols including certification in Cognitive Processing Therapy (CPT) and planned experience with Prolonged Exposure (PE) and Cognitive-Behavioral Conjoint Therapy (CBCT) for PTSD
- Provide measurement-based care using weekly questionnaires (PTSD Checklist for DSM-5 (PCL-5); Patient Health Questionnaire, PHQ-9, Columbia-Suicide Severity Rating Scale, C-SSRS)
- Receive weekly individual supervision with Dr. Pukay-Martin and CPT consultation along with predoctoral, postdoctoral, and attending psychologists

July 2023 – June 2024

Cognitive Behavioral Research and Treatment Program

Duke University Hospital Outpatient Dept., Duke Psychiatry & Behavioral Sciences

Practicum Student

Supervisor: Zachary Rosenthal, PhD

- Facilitated weekly transdiagnostic DBT skills group including coordinating new referrals and intakes
- Received comprehensive training in and provided full-model DBT including weekly individual therapy, coaching calls, and weekly DBT team meetings
- Provided evidence-based therapies to adults (19-65) for mood, anxiety, and trauma-related disorders including The Unified Protocol for transdiagnostic treatment of emotional disorders (UP) and Process-based Therapy (PBT)
- Received weekly supervision from Dr. Rosenthal

July 2022 – May 2023 **Duke Center for Adolescent and Young Adult Substance Use Treatment (CAST)**
 Duke Child and Family Study Center, Duke Psychiatry & Behavioral Sciences
Practicum Student
Supervisor: David Goldston, PhD

- Conducted weekly or twice weekly individual and family therapy for adolescents and young adults (14-25) with substance use disorders and related comorbidities CBT for Relapse Prevention (CBT-RP) and Motivational Enhancement Therapy and CBT (MET/CBT)
- Flexibly applied family systems, motivational enhancement, cognitive behavioral, psych-educational modalities to address presenting concerns
- Conducted comprehensive intake evaluations which included a clinical interview with adolescents/young adults and family, urine drug screening, and self-report measures (Columbia-Suicide Severity Rating Scale, C-SSRS; Situational Confidence Questionnaire, SCQ; Patient Health Questionnaire, PHQ-9, Child Trauma Screen, CTS; DMS-5 Cross-Cutting Symptom Measure)
- Participated in weekly team care coordination meetings and presented relevant case material
- Received weekly supervision from Dr. Goldston

July 2021 – May 2023 **Psychosocial Treatment Clinic**
 Duke Child and Family Study Center, Duke Psychiatry & Behavioral Sciences
Practicum Student
Supervisor: Christian Mauro, PhD

- Provided evidence-based psychotherapy to children and adolescents (10-19) with a variety of mood, anxiety, obsessive-compulsive, and neurodevelopmental disorders including Exposure and Response Prevention (ERP), Parent Management Training for ADHD, and Brief Coping Cat for childhood anxiety (BCBT)
- Completed semi-structured diagnostic intake interviews
- Coordinated care with other educational or health systems supporting patients and their families
- Participated in weekly didactics and seminars (July 2021-May2022)
- Received supervision from Dr. Mauro

Aug 2019 – July 2022 **Duke Psychology Community Clinic**

Practicum Student

Supervisors: David Rabiner, PhD, Ronald Batson, MD

- Conducted intakes with adults, incorporating measures of emotional and psychosocial functioning (e.g., Symptom Checklist-90, Beck Depression Inventory, Traumatic Antecedents Questionnaire)
- Provided weekly psychotherapy for diverse adult patient populations (19-62) presenting primarily with mood and anxiety disorders
- Presented biweekly case presentations during team meetings
- Received individual and group supervision from psychologist and psychiatrist
- Conducted and wrote a comprehensive cognitive and personality assessments using the WAIS-IV, WISC-IV, WRAT-2, Minnesota Multiphasic Personality Inventory (MMPI) and Thematic Apperception Test (TAT)

ADVANCED CLINICAL TRAINING

August 2024 Cognitive Processing Therapy for PTSD. National VA EBP Training Initiative.

July 2023 Dialectical Behavioral Therapy Training. Duke Psychiatry & Behavioral Sciences.

Fall 2022 Clinical Internship Supervision Seminar. Duke Psychiatry & Behavioral Sciences.

RESEARCH EXPERIENCE

Global Mental Health: Family Intervention Lab

Duke Global Health Institute, Durham, North Carolina, USA

Principal Investigator and Lab Director: Eve S. Puffer, PhD

Aug 2019 – Present **Tuko Pamoja “We are Together”**

Predoctoral Research Associate

Family therapy prevention and intervention program

Eldoret, Kenya

- Led implementation of 2 community intervention trials including pilot study in 2022 (N=40) and pilot RCT 2023 (N=400)
- Selected, adapted, and designed research and clinical tools for Kenyan setting
- Managed data collection in multiple languages
- Contributed to study design and completed quantitative data analysis
- Led qualitative data collection and analysis
- Trained and mentored 6 masters students 8 undergraduate students, including 3 directly on fieldwork in Kenya
- Trained 6 of Kenyan research assistants and psychology students
- Recruited, trained, and supervised workshop 15 facilitators and 8 in-home counselors from the community
- Dissertation Research: Lay counselors and extrafamilial social support as a mechanism in a family strengthening intervention: A mixed methods randomized control trial in Eldoret, Kenya
 - Developed and piloted novel egocentric social network interview

- Designed, conducted, and am analyzing mixed-methods (qualitative and quantitative) social network study
- Adapted, piloted, and performed multi-level analysis with standardized social support measures

Aug 2020 – Present

Coping Together

Predoctoral Research Associate

Virtual family-strengthening intervention program

Durham, North Carolina

- Support cultural adaptation of development of intervention
- Trained and supervised community health workers delivering the initial intervention in Durham
- Led and managed quantitative data collection for intervention pilot
- Led quantitative data analysis and supported qualitative data analysis
- Co-authored manuscript reporting mixed-methods intervention pilot findings

Aug 2020 – May 2021

COVID-19 Family Study

Predoctoral Research Associate

Cross-section survey of parents on the impact of COVID-19 on families

Southern United States

- Managed data collection and cleaning, assisted in recruitment
- Supported study design and survey development
- Co-authored manuscript exploring to what extent social vulnerabilities, COVID-19, and racial violence predicted depressive symptoms among adults in 2020

Aug 2019 – April 2022

Parent-Child Interaction In South Africa

Predoctoral Research Associate

Feasibility study of PCIT in Western Cape, South Africa (first PCIT study in Africa)

Cape Town, South Africa

- Supported study data analysis of Eyberg Child Behavior Inventory and Dyadic Parent Child Interaction Coding System measures and manuscript writing

Aug 2019 – Present

Parents Make the Difference

Predoctoral Research Associate

Group parenting skills intervention for parents of young children implemented by the International Rescue Committee

Monrovia, Liberia

- Supported data analysis of novel observational method of parent-child interactions from a three-arm randomized trial of a parenting intervention for caregivers of young children in Liberia
- Supported secondary data analysis and manuscript writing

Duke Center for Misophonia and Emotion Regulation
Duke Psychiatry & Behavioral Sciences, Durham, North Carolina, USA
Principal Investigator: Dr. Zachary Rosenthal

- Nov 2023 – Present **Clinical Assessor**
- Completed training to conduct Structured Clinical Interview for DSM-5 (SCID-5 & SCID-5-PD)
 - Administer SCIDs for misophonia phenotyping and comorbidity study.

Center for Global Health
Massachusetts General Hospital Center for Global Health, Boston, Massachusetts, USA
Principal Investigator: Alexander Tsai, MD

- Nov 2016 – Present **Health Outcomes Progressive Entrepreneurship & Networks (HOPE Net) Study**
Program Manager (NIMH grant: R01 MH113494)
Longitudinal study of social drivers of mental health and HIV
Mbarara, Uganda
- Continue to contribute study design, implementation, analysis, and manuscript preparation for quantitative and qualitative studies
 - Managed NIMH-funded longitudinal microenterprise, health, and social network study and sub-studies including multi-institution IRB application, renewal, and storage for study materials
 - Maintained and improved custom data collection software and built quality control infrastructure in R
 - Supervised and trained research team and data manager coordinating data collection, storage, and approvals
 - Led implementation of a multi-site community health fair offering free testing for NCDs, HIV, and cervical cancer to over 1000 people as well as collection of epidemiological and biomarker data on over 500 participants.

ADVANCED RESEARCH TRAINING

- Spring 2024 Social Networks and Health Workshop. Duke Network Analysis Center.
Spring 2023 Applied Structural Equation Modeling. Duke University, Psychology & Neuroscience.
Spring 2023 Applied Multivariate Analysis. Duke University, Psychology & Neuroscience.
Spring 2023 Introduction to Social Network Analysis Design. Duke University, Sociology.

8. **Rasmussen, J. D.**, Kakuhikire, B., Baguma, C., Ashaba, S., Cooper-Vince, C. E., Perkins, J. M., Bangsberg, D. R., Tsai, A. C. (April 2019). *Portrayals of mental illness treatment effectiveness and their effects on the stigma of mental illness in rural Uganda: A population-based survey experiment*. Poster presented at 10th Anniversary National Institutes of Mental Health & Grand Challenges Canada Global Mental Health Research without Borders Conference. Bethesda, MD.

TEACHING

- Aug 2024 – May 2025 **Strengthening Families Across Contexts**
Instructor of Record
Duke Global Health Institute
Co-Instructors: Eve S. Puffer PhD, Maeve Salm, MSc
- Independently designed a vertically integrated, team-based, applied community psychology research course for 7 undergraduates (2nd-4th years) working on projects in the US and Kenya.
- August – Dec 2021 **Clinical Psychology and Mental Health**
Teaching Assistant
Department of Psychology and Neuroscience, Duke University
Primary Instructor: Michael Gaffrey, PhD
- Led weekly 2 discussion groups with 25 students each
 - Graded writing assignments and exams
- June 2020 **Data Science and Data Visualization with R**
Teaching Assistant
Duke Global Health Institute
Primary Instructor: Eric Green, PhD
- Provided office hours support for a new summer graduate-level applied data science course.
- August – Dec 2019 **Applied ANOVA, Correlation & Regression (Graduate Psychology Core Statistics)**
Lab Instructor
Primary Instructor: Madeline Carrig, PhD
Department of Psychology and Neuroscience, Duke University
- Taught weekly graduate-level applied statistics lab
 - Helped primary instructor restructure course around General Linear Modeling
 - Redeveloped lab exercises to focus on direct application in R and reproducible research in GitHub.

GUEST LECTURES

- Fall 2024 Social Settings in Mental Health Intervention. Fundamentals of Global Mental Health.
Fall 2023 Religion & Mental Health. Fundamentals of Global Mental Health.
Spring 2023 Substance Use Disorders in Adolescents and Young Adults. Clinical Interventions with Children and Families.
Spring 2023 Religion & Mental Health. Fundamentals of Global Mental Health.
Fall 2021 Global Mental Health: An Overview. Clinical Psychology and Mental Health.
Fall 2021 Religion & Mental Health. Fundamentals of Global Mental Health.

MENTORING

Global Health Bass Connections Program Team (2024-2025 Academic Year)

- Mentoring 4 undergraduate psychology / global health students

Vertical Integration Program

Madalyn Bielskis, Psychology & Neuroscience (Summer 2024)

Graduation with Distinction

Maya Yelle, Psychology & Neuroscience (Spring 2024)

Thesis: Understanding Categories and Perceptions of Social Support in Collectivist Communities: A Case Study in Eldoret, Kenya

PEDAGOGICAL TRAINING

Spring 2024 Course Design. Duke University, Graduate School.

Spring 2023 Fundamentals of College Teaching. Duke University, Graduate School.

March 2023 The Carpentries Instructor Training. The Carpentries.
